Why sign up?

Everybody should have the chance to find and take part in dementia research.

Join Dementia Research provides that chance, and can connect you to suitable studies taking place across the country.

By registering, you can play an important role in finding new ways to diagnose, treat, manage and care for people affected by dementia.

Follow us: @beatdementia /joindementiaresearch
Please read the following information carefully.

On this registration form, you will be asked to provide the basic information needed to register either yourself or someone else for the service.

**You can only register one volunteer per form. Please complete an additional form for each volunteer you wish to register.**

Completing this form creates an account for you with Join Dementia Research.

Once your account has been set up, you can improve your chances of matching to the most suitable studies by keeping your details up to date at all times. If you have provided us with an email address you will be able to do this online yourself. Alternatively you can call one of the charity helplines (see page 4).

You should hear from us within 21 days to confirm we have received this form and created an account. We will send you a welcome email or pack which will include guidance on how you can update the information you have provided.

The welcome pack and the website both contain more information about what happens once you have registered with Join Dementia Research. You can also find out more about how we look after and use your data.

Once registered, we hope you will enjoy being part of Join Dementia Research, but if you wish to be removed from the service, please email manager.jdr@nihr.ac.uk or contact one of the helplines.

**If you do not wish to register by post, you can sign up over the phone by calling one of our charity helplines (details on page 4) or register online at: www.joindementiaresearch.nihr.ac.uk**
If you do not wish to register by post, or need help registering, you can sign up over the phone by calling one of our charity helplines below:

Declaration A

I am registering myself as a volunteer

1. I confirm that I have read and understand the information within this form and can access a copy of the Volunteer Guide on the Join Dementia Research website or via the charity helplines.

2. I understand that registration of my details on Join Dementia Research is voluntary, and that my personal details will be stored securely.

3. I give my permission for approved researchers, NHS staff, staff working at partner organisations or agencies working on behalf of Join Dementia Research to view and use my information stored on the system, for the purposes of delivering Join Dementia Research.

4. I give my permission for approved researchers and NHS staff to access the relevant sections of my healthcare records, for the purposes of matching me to research studies.

5. I agree to my information being held on Join Dementia Research, until I, or my representative, request withdrawal. Basic details of volunteers will be shared with other NHS organisations to identify if they have died, and I agree to this. If I withdraw, or if Join Dementia Research is notified of my death, then all my personal identifiable information will be removed from Join Dementia Research.

6. I understand that I am free to withdraw at any time without giving a reason and without impact on my medical care.

I, the volunteer, understand and agree to Declaration A

Declaration B

I am registering someone else as a volunteer

1. I hold Lasting Power of Attorney for the volunteer on health and welfare grounds (England and Wales) or Welfare Power of Attorney (in Scotland). It is my opinion that registration reflects their wishes and best interests.

2. I confirm that I have read and understand the Volunteer Guide on the Join Dementia Research website or available via the charity helplines.

3. I understand that registration is voluntary, and that my details and the personal details of the registered person will be stored securely.

4. I give permission for approved researchers, NHS staff, staff working at partner organisations or agencies working on behalf of Join Dementia Research to view and use the registered person’s information stored on the system, for the purposes of delivering Join Dementia Research.

5. I give permission for approved researchers and NHS staff to access the relevant sections of the registered person’s healthcare records, for the purposes of matching them to research studies.

6. I agree to the registered person’s information being held on Join Dementia Research, until withdrawal is requested by themselves, by me or by another person representing their interests. Basic details of volunteers will be shared with other NHS organisations to identify if they have died, and I agree to this. After withdrawal or notification of the registered person’s death, all personal identifiable information about the registered person and me as their representative will be removed from Join Dementia Research.

Declaration continues on page 15
Continued from page 14

7. I understand that the volunteer can withdraw at any time, or I can do so on their behalf, without giving any reason. If the registered person withdraws from Join Dementia Research then their medical care will not be affected.

I, the representative, understand and agree to Declaration B
